Fugabella® Color

Decorative Resina-cemento® (resin-cement) for grouting of ceramic and porcelain tiles, mosaic and natural stone in a 50-colour design range. Green product for bio-building.

The groundbreaking hybrid grout Fugabella® Color is ideal when decorating any surface in porcelain, ceramic tiles, mosaic and natural stone. Fugabella® Color achieves performance characteristics such as water-repellence, very low water absorption, high surface hardness, high resistance to the most common acidic substances and total colour uniformity.

Rating 4*

- × Regional Mineral ≥ 60%
- ✓ Recycled Mineral ≥ 30%
- ✓ CO₂ ≤ 250 g/kg
- ✓ VOC Very Low Emission
- ✓ Recyclable

* Rating based on average colour formulations

1. → Suitable for porcelain tiles, ceramics, low thickness slabs and natural stone
2. → Easy to clean and maintain
3. → High colour uniformity
4. → Full and smooth joint
5. → Eliminates the risk of salt and lime efflorescence formation
6. → Suitable for underfloor heating systems
7. → 50 colours

Silicone Color

Decorative sealant for tiles and mosaic in 50 design colours. Green product for bio-building.

Silicone Color develops a high degree of adhesion to non-absorbent surfaces, guaranteeing the integrity and watertightness of ceramic and porcelain coverings subject to deformation.

Rating 3*

- × Regional Mineral ≥ 30%
- ✓ VOC Low Emission
- × Solvent ≤ 5 g/kg
- ✓ Low Ecological Impact
- ✓ Health Care

* Rating based on average colour formulations

1. → Anti-mould
2. → High chromatic stability
3. → Resistant to freezing
4. → Ideal to seal porcelain and ceramic tiles
5. → Ideal for swimming pools and for permanent contact with water
6. → 50 colours

Silicone

Transparent sealant for tiles and mosaic.
Green product for bio-building.

Silicone develops a high degree of adhesion to non-absorbent surfaces, guaranteeing the integrity and watertightness of ceramic and porcelain coverings subject to deformation.

Neutro Color

Decorative sealant for façades and natural stone in 12 design colours.
Green product for bio-building.

Neutro Color develops neutral reticulation with no unstable, migrant components guaranteeing a perfect seal with no streaking or stains on the delicate surfaces of marble and natural stone.

Rating 3*

- × Regional Mineral $\geq 30\%$
- ✓ VOC Low Emission
- × Solvent ≤ 5 g/kg
- ✓ Low Ecological Impact
- ✓ Health Care

Rating 3*

- × Regional Mineral $\geq 30\%$
- × VOC Low Emission
- × Solvent ≤ 5 g/kg
- ✓ Low Ecological Impact
- ✓ Health Care

* Rating based on average colour formulations

1. → Ideal for healthcare environments
2. → Walls and floors not subject to heavy traffic, for internal and external use
3. → Anti-mould
4. → Translucent
5. → Resistant to freezing
6. → Suitable to seal porcelain and ceramic tiles

1. → Ideal for marble and natural stone
2. → Ideal when applying to façades
3. → Suitable on cement-based and porous material substrates
4. → Improved on-site safety guaranteed
5. → 12 colours

Fugabella[®] Color

50 design
colours.

Color - the new colour
project for decorative
grouting of tiles,
mosaics and natural
stone and co-ordinated
sealing of floors,
bathroom fittings and
shower cubicles.
