

## Lithofin KF Mildew-Away

### Description

A special product from the LITHOFIN-Range for ceramics, quarry tiles and porcelain (KF). Lithofin KF Mildew-Away is a ready-to-use special cleaner based on active chlorine compounds with a wide range of cleaning and disinfecting properties.

### Properties

Lithofin KF Mildew-Away removes black mould and mildew spots as well as discolouration caused by plants. The product works quickly and efficiently, and through its preventive properties inhibits further growth for a long time.

#### Technical Data:

Density: approx. 1.1 g/cm<sup>3</sup>

Appearance: liquid, clear, yellowish

Odour: pungent

pH-Value: approx. 13

Flash Point: n.a.

Solubility in Water: complete

### Field of Use

For removing mould and mildew from cement and silicone grouting, from tiles and plastic parts in sanitary areas as well as for removing mould and algae from masonry, concrete, natural stone and other similar surfaces.

### Directions for Use

First remove the child-proof cap and replace it with the sprayer. Turn the nozzle to "spray" and, from a distance of approx. 15 to 20cm spray the product on the afflicted surfaces. Allow the product to work for 10 to 20 minutes, in very stubborn cases repeat the application after approx. 10 minutes. Then completely remove from the surface with plenty of water and a hard sponge or brush. Close the bottle with the child-proof cap and clean the sprayer with water.

**Please Note:** causes light stains on textiles. Do not spray on plants, textiles, metals such as iron, copper, nickel, aluminium, etc. Immediately remove splashes with plenty of water. Do not use on polished marble and sensitive glazed tiles and enamel. We highly recommend trying the product in an inconspicuous area prior to use.

**Advice:** in case of extreme mould growth on elastic joints, we recommend removing the joint material, spraying the open joint with plenty of Lithofin KF Mildew-Away and then closing the joint with new material.

**Coverage:** up to 6 m<sup>2</sup>/L

### Storage

After use, remove sprayer and rinse well with water. Close bottle with child-proof cap. Keep in cool and dark conditions. Store bottle standing up. Shelf life of up to 1 year.

### Environmental Protection

The contained surfactants are biodegradable according to regulation (EC) No. 648/2004 (detergents regulation). **Disposal:** waste code according to EWC/AVV 16 03 03\*. Bottles/canisters are made of environmentally friendly polyethylene and can be recycled (see information on label).

### Safety

**UFI:** GYU0-30GR-D00C-J2TS

**Ingredients according regulation (EC) No. 648/2004 (detergents regulation):** sodium hypochlorite solution (<50g/L Cl-active), < 5% non-ionic surfactants, auxiliary agents.

**Labelling according to EU-Directive 1272/2008(CLP):**

Symbol GHS 05, 09, Danger

May be corrosive to metals. Causes severe skin burns and eye damage. Contact with acids liberates toxic gas. **Warning!** Do not use together with other products.
